My name is:  
John Smith

### **What made you want to become a governor?**

I am a big fan of the late Justice Ruth Bader Ginsburg, and her words sum up succinctly why I wanted to become a governor; "One lives not for oneself but one's community". I have a sense of wanting to give back to communities, and I saw becoming a governor as a way of doing that.

### **What is your favourite food?**

This is a tricky one! I have to say anything that is Indian, I definitely love a good curry!

### **What is your least favourite food?**

Takeaway Chinese Food

### **What hobbies do you enjoy?**

I am a big fan of travelling. My most recent trip was to America where I visited Chicago and Washington DC, though because of Covid-19 I have not been able to go anywhere this year (2020).

### **Do you have any pets? If not, what pet would you like?**

I do have a pet! He is a German Shepard, and his name is Duke.

### **What were your favourite subjects when you were at school?**

English and Science

### **What is your favourite book and why?**

I have recently read *We Are Called To Be A Movement* by Reverend Dr William J. Barber II. It is essentially a version of a sermon that he delivered back in 2018 and delivers a simple but powerful message: its time for change and we can make the change. It is also worth stating, that I personally am not religious, but his words really resonated with me.

### **What is your favourite place in the world, and why?**

I fell in love with Chicago, and when I go back to America I want to have a layover just to visit this lovely diner that serves the most \*amazing\* pancakes.

### **If you were on a desert island, what would you take with you?**

A satellite phone so that I can be rescued.
