

Year 2 Homework

Due: 25th May 2018

This week's Schofield and Sims weekly booklet will be Comprehension.

This week's spellings are adverbs on a sticker in your child's red book.

For mental maths, we will be testing the 2, 5 and 10 times tables and related division facts so make sure your child is beginning to become fluent in facts such as $8 \times 5 = 40$ (without having to count up in 5s).

Messages: Please congratulate your children on their effort and attitude to completing their SATS this past fortnight. I am so proud of them and they have done very well. Results will be in your child's summer report.
